The Trains at NorthPark

The 2024-2025 exhibit will run through January 5

Benefitting the Ronald McDonald House of Dallas for the past 37 years, the Trains at NorthPark have been delighting the hearts and minds of young and old alike. Presented by Bank of Texas, this holiday family tradition has become a favorite for generations of Dallasites and includes 1,600 feet of track rolling from coast to coast on a whimsical rail journey across America.

The trains travel from the autumn foliage of New England to San Francisco's Golden Gate Bridge with stops along the way to see New York City, Washington DC, our beautiful city of Dallas, and the desert Southwest including the Grand Canyon and the Garden of the Gods—we even have some interplanetary visitors from Outer Space!

This year, the exhibition is located on level one, next to Starbucks between Dillard's and Macy's. The exhibit features sensory-friendly hours, technology for visually impaired patrons, a LEGO feature, brand-new merchandise, and a S.T.E.A.M.-inspired experience.

Tickets are \$12 for adults, \$7 for children, and \$5 for seniors. Children under the age of 2 receive free admission. To purchase ticket and hours of operation, visit
